

Making Solar Thermal Happen

Wednesday 5th August, 6pm

Allan Scott Auditorium (H2-16), Hawke Building, City West Campus,
University of South Australia (55 North Tce Adelaide)

Join the Repower Port Augusta Alliance for an evening discussing why and how we can make solar thermal happen in South Australia.

With **Dr Keith Lovegrove** a solar thermal expert with the Climate Change Institute at ANU (Canberra); **Dr. Peter Burdon** a Senior Lecturer at the Adelaide Law School; **Gary Rowbottom** the Chairperson of Repower Port Augusta, and technical officer at Alinta Energy's Pt Augusta Power Stations. Plus **Darrin Spinks** the Executive Director of Heliostat SA.

Entry by donation to support the campaign
